

2023 TENARKY District Convention and Rose Show

Presented by Tennessee Rose Society assisted by Holston Rose Society

Dr. Mark Windham

In Appreciation Dr. Mark Windham:

As our Tennessee Rose Society celebrates our 77th Anniversary, we look back at all the rosarians who have contributed so much over the years. We will always remember these rosarians.

We would especially like to thank you, Dr. Windham, for your love of the rose and your years of dedicated service to all the TENARKY rose societies. You have been instrumental in our success.

The entire rose industry has benefitted from your rose research in the fight against rose rosette **and without you, our entire industry would not be the same. We wish you success in your future rose research. We are all so appreciative!**

We are looking forward to you joining us in the foothills of the Great Smoky Mountains as we celebrate our 77th Anniversary. We hope you bring your beautiful roses and rose photos for our Photography Contest!! **It's going to be a "Smokin Hot" Event!**

Paul Zimmerman

Guest Speaker and **Everyday Roses** book signing at the Rose Show

"I started Paul Zimmerman Roses Consulting and Design around one simple message-Roses are nothing more than flowering shrubs and that's how you should use and treat them. My goal is to make roses less intimidating."

Paul Zimmerman is the owner of Paul Zimmerman Roses, a company dedicated to teaching that "Roses Are Plants, Too". He was introduced to, and taught about roses and rose horticulture, by among others Dr. Thomas Cairns past President of both the American Rose Society and World Federation of Rose Societies. Paul is a very strong supporter of Dr. Mark Windham and his research.
