WELCOME . . .

As president of the Bowling Green Rose Society, I would like to take this opportunity to welcome each of you to our annual rose show and extend a special **“thank you”** to all exhibitors for sharing your beautiful roses with us. The work and dedication needed to produce such beautiful roses is greatly appreciated. For those traveling from out of town, you have truly gone the extra mile!

As always, I want to welcome and thank those individuals who through many years of hard work, dedication and training have acquired the skills necessary to become rose show judges. In sharing your expertise, you promote the excitement of competition and further educate exhibitors in the art of showing roses.

Our rose show would not be successful without the cooperative effort of many people in the community. We greatly appreciate the financial support of our sponsors and the use of the American Legion Post 23 facility. I would especially like to thank BGRS members, family, and friends for their hours of work before, during and after the show.

For those from the community who have honored us with your presence to view the beautiful display of roses, I thank you and would like to take this opportunity to invite you to become a member of the Bowling Green Rose Society. If you have any questions, feel free to talk with any BGRS member.

Enjoy the show!

Dan Wernigk, BGRS President

A Bit of History

The effort to form a rose society in Bowling Green began on the evening of November 28, 1960, when a group of approximately 25 men and women met at Snell Hall on the Western Kentucky University Campus. These interested rose growers heard a talk on roses given by Mr. Charles Dawson of Louisville. (Ed. Note: Mr. Dawson was the author of "Uncle Charlie's Corner," a regular feature in The American Rose for a number of years.) Mr. Haywood Brown was chosen as temporary Chairman.

The first regular meeting of the new local society was convened on January 9, 1961, again in Snell Hall. Mr. Brown was elected the group's first president. The treasury began with a balance of \$29. As noted above, it was less than a year later that the first rose show was presented. The first rose show was held September 30, 1961. Mr. and Mrs. Paris Pillion won Queen of the Show with 'Kaserine Auguste Victoria'.

In 2010, BGRS celebrated the 50th Anniversary of the organizational meeting. This year, we celebrate the 60th anniversary of our first regular meeting and our 57th rose show. Rose shows were held each year beginning in 1961 except for 2007, 2013, and 2018 when severe spring weather caused the shows to be cancelled and in 2019 due to Covid-19 restrictions.

Division I & II – Horticulture Rules

5. Official entry tags and uniform containers will be furnished unless otherwise stated in the schedule. An entry tag must be made for each specimen except collections in one container unless otherwise specified in the schedule.
6. Wedges are permitted. An entry may be penalized if wedging material extends above the top of the vase according to its degree of distraction.
7. The show is alphabetical. In Division II, varieties will be placed alphabetically by their first name. Each variety will be judged on its own merits. Exhibitors may make multiple entries in each section of Division II, provided each entry is a different variety.
8. Except for seedlings and sports, rose varieties are to be exhibited by the recognized ARS exhibition name (AEN). The online Modern Roses database is the most up to date ARS publication and takes precedence over all other publications. The following is the list of official ARS publications listing *Approved Exhibition Names: Modern Roses, Official List of Approved Exhibition Names for Exhibitors & Judges, Handbook for Selecting Roses* and Recent Registrations on the ARS website and the ARS Modern Roses database. In case of conflict between sources, the latest one published shall take precedence. In cases where a variety is not listed in any of the above official ARS publications, the Combined Rose List (CRL) may be used as a reference.
9. Exhibitors are expected to place their own entries. Once a challenge class entry is placed it can only be moved by the exhibitor or a member of the show committee if the exhibitor cannot be located.
10. Any amateur grower is eligible to exhibit and may compete for ribbons and awards, except as noted in special sections and/or challenge classes. All blooms in horticulture classes must have been grown in the exhibitor's own outdoor gardens. Family members may enter as a team but not individually also.
11. Judging will be in accordance with the **ARS Guidelines for Judging Roses (2018) and recent changes adopted by the ARS in 2019 and 2020.** The decision of the judges will be final.
12. **Disqualifications:**
 - **A foreign substance** applied to enhance the beauty of the entry.
 - **Misnamed.** Rose is not the variety given on the entry tag or an accepted synonym.
 - **Unlabeled or Mislabeled.** Entry lacks an entry tag or the exhibitor's name, a class number, and/or the name of the variety is not given on the entry tag.
 - **Exhibitor's name visible,** if not corrected before the entry is judged.
 - A challenge class entry that **does not satisfy the requirements** of the class in which it is entered.
 - Any entry that was **not grown outdoors and/or not grown by the exhibitor.**

13. Penalization:

- **Stem on stem and/or side buds** are no longer a disqualification for hybrid tea, grandiflora, floribunda, miniature, or miniflora exhibits. Stem on stem or side buds should be considered a fault in stem and foliage, to be penalized to the degree of its impairment. Anything below the lip of the vase is of no consequence in judging.
 - **Misplaced, Mislabeled, Misspelled.** If a rose is misspelled or misnamed, judges will take the time to write the proper name or spelling of the rose for the exhibitor. Any rose in the wrong class to be moved to its proper class and that class re-judged if necessary.
 - **Grooming materials** (Q-tips, labels, cotton balls, etc.) shall be carefully removed by the judge, or if asked the clerk, before judging begins in that class.
 - **Thrips, Mites, Aphids, and other natural things** may be blown off by a judge or otherwise ignored unless patently distracting. The entry may be penalized only to the degree of its distraction.
 - **Wedging material** above the neck of the vase to be penalized to the degree of distraction.
14. Entries may be disqualified and/or penalized for reasons specified or if two specimens of the same variety are entered in the same class by the same exhibitor unless one specimen was moved to the class by a judge.
15. Climbing sports of bush type roses, climbing hybrid teas, climbing grandifloras, climbing floribundas, and climbing miniatures must be exhibited in the appropriate section for their bush type counterparts.
16. The judges will select a **BEST OF SHOW** entry from all horticulture and arrangement exhibits.
17. Roses entered or left over become the property of the Bowling Green Rose Society. All roses will be distributed to veterans and others in local nursing homes.
18. **No cash awards will be given this year.** BGRS certificates and ARS certificates will be given.
19. No exhibit, certificate, or ribbon, will be removed prior to 4:00 p.m. Saturday unless approved by the show chairmen. Unclaimed certificates will be mailed. Stickers (dots) are used in lieu of ribbons.
20. Neither the Bowling Green Rose Society nor the American Legion Post #23 assumes any responsibility or liability for loss or damage to person or property in relation to this show.
21. A judge's spouse may enter any horticulture class that is not being adjudicated by that judge.

- An **exhibition bloom** is a specimen with one bloom per stem without side buds. Unwanted side growth, side buds and/or spent blooms may be removed from any specimen to improve the appearance prior to photographing it. At its most perfect phase of possible beauty, an **exhibition bloom** is generally one-half to two-thirds open, gracefully shaped with sufficient petals, symmetrically, arranged in a circular outline, and tending to a high center.
- An **open bloom** must have stamens showing.
- A **spray** has two or more blooms per stem with or without unopened side buds.
- Roses classified as **single or semi-double roses** by ARS are generally at their most perfect phase when fully open with stamens showing.
